

IS THE EARTH AND HER PEOPLES PROTECTED AND GUIDED BY AN INVISIBLE RULER and His Magical Court of unseen Ministers and Magistrates? Is there truly an Invisible Government which controls the destiny of human nations regardless of the dictates of their earthly rulers? Is there a hidden Kingdom of all-powerful Beings, Immortal Princes and Princesses Who order the destiny and fate of all human peoples and their individual nations?

Such questions as these are very much in the minds of many persons who can see in the chaotic political theories of today very little to give them hope and peace of mind.

Such questions as these are frequently asked by those intelligent thinkers who strive to follow the path of The Ancient Wisdom as it is revealed in the Sacred Scriptures of the past and the many books of modern times.

If there IS such an Invisible Kingdom, such a Court of Superior Rulers and Ministers, why is the world and her nations in such a condition of strife, discord and desperation?

If there IS such a Fraternity of Enlightened Beings Who actually control Humanity, why is there then so much pain and poverty in the world? Why so much suffering?

These also are questions every truly thinking individual must ask himself, and others, at times when there seems little sense or purpose in human living, in earthly life.

In answer to the greatest of these troublesome questions: Is there actually such a thing as an Invisible Government of the World? THERE IS AN INVISIBLE GOVERNMENT.

There is abundant evidence presenting indisputable evidence that such a Government exists at this very instant. And It has existed from the first instant that human creation, as such, came into being upon this globe. It will continue to exist until the last and final human cycle of earthly evolution is finished and completed ages in the future. It will remain in operation until YOU have fulfilled your personal destiny as an indispensable unit of the Great Cosmic Creative Pattern of God.

There is at this moment a vast Assembly of Magnificent Immortals, Omniscient Minds, Omnipotent Wills at work upon the Great Career which They have conceived for YOU. You MUST accept this Career and respond to Their benevolent efforts——since YOU have agreed and consented to follow Their Guidance when you began your descent into your earthly consciousness as a personalized being who will, someday, become a veritable Goa.

The burden of this Lesson will be to explain The Invisible Government of Humanity, and to reveal your own personal and particular place in this Supreme Plan of Life upon our presently bewildered earth-globe.

WERE IT NOT FOR THIS INVISIBLE AND HIGHLY BENEVOLENT GOVERNMENT OF ALL THE human families and their various nations, the Earth today would be but a black cinder floating lifeless through the spaces of infinity.

Indeed, were it not for the supreme love and infinite wisdom of These unseen Rulers of Earth, you, each of you and all those precious and dear to you, would be but a dream from which there is no awakening.

Whatever you are, whatever you have and feel you may call your own; whatever you may hope to be and to have—all of this you owe to those Great Lords of Light and Love Who watch over you as the mother hovers in blessing over her babe.

Were it not for the perfectly designed pattern, the truly Divine blue-print of these Masters of Life, it would be impossible for you to draw a single breath. Or having drawn it, it would be impossible for you to release it, and thereby know the meaning of Life in any of its phases.

In the simplest of human activities a basic plan, a formula, is required. And no matter how "automatic" the action itself may seem it would be impossible had the entire action not been planned down to its tiniest detail. Had not there been a vast preparation ages and ages before you stepped into your human bodies, the simplest act you now perform so easily, and unconsciously, would be impossible.

It is important to remember that the large and important aspects of all human life are made up of an endless stream of minute and apparently inconsequential details. The management of these millions of details is quite beyond your own personal control. You cannot, for example, control the beating of your heart. You cannot turn it up or down, faster or slower, as you control your radio sets. You cannot pour an exact amount of corrosive acid into your stomach and thereby digest the food particles you have swallowed in the exact degree that is required for the blood stream to absorb them and give strength to your body cells.

This must be done for you. Millions of things must be done for you. In many ways you are as helpless as the newborn babe—and no wiser or clever than this infant who is able to do nothing but lie inert upon its bed. Yet how mature, how capable we feel when gazing down at the sweet little creature who has just come into being as one more of Earth's billions of creatures! How grown—up!

And yet we can do very little more in actually controlling the processes of Life as they move through our body than this helpless "little bundle of heaven." We are unable to manipulate so simple a process as the separation of the liquids from the solids as we put tons of food into our weary stomachs.

All of these things must be done for us. They are automatic, we casually remark. Nature takes care of them. Who is Nature? What is Nature? Why is Nature?

DO YOU CONSIDER YOURSELF AN AUTOMATIC MACHINE WHEN YOU BATHE AND FEED YOUR BABY? When you prepare food for your family? When you think and plan for those many, many things required for their comfort and convenience? Does it not require a vast amount of thinking and planning and executing to carry out your duties as a householder, a parent, each day of each month of the many years.

While it is true that the mechanical appliances in your kitchen are able to do many things by themselves (apparently) do you consider your electric-freezer, or gas-range, capable of preparing a suitable meal for your loved ones—even though there is a lot of assistance from that wonderful collection of kitchen servants, those mixers, percolators, toasters, dishwashers, etc.

Why are these marvelous "automatic" assistants not able to prepare and cook and serve a pleasant and nourishing meal to your family and friends? These machines, costly and clever as they are, can go only so far. Why? Is it because ther are not sufficiently "automatic"? Or is there a missing element somewhere?

Are YOU the missing element? You are indeed! For in spite of their almost "human" skill these machines still lack three absolutely necessary elements.

There must be a MIND. There must be a WILL. And finally there must be AUTHORITY.

And YOU are the Mind, the Will and the Authority BEHIND all the apparent magic of these wonder-working machines and their remarkable abilities.

Are you not, therefore, the INVISIBLE GOVERNMENT of your kitchen and household?

And are you not the SECRET POWER behind the happiness and harmony of your home?

And now let us ask this very important question of each of you, personally:

IS THERE ANYTHING SINISTER OR SUSPICIOUS OR SUBVERSIVE IN THE INVISIBLE GOVERN-MENT OF YOUR HOUSEHOLD? ARE YOU QUITE CERTAIN? ARE YOU POSITIVE ABOUT IT?

ALSO: IS THERE ANYTHING EVIL IN THIS SECRET POWER WHICH YOU WIELD IN YOUR HOME?

Do you regard yourself as any kind of a secret agent for some mysterious, occult power which intends to overthrow the family and make slaves of them all?

Why are we asking these silly questions which we should know better than to ask?

Why are we hinting at things which are highly insulting to youkand degrading for us to even have in our minds?

Because the Great Invisible Government of the Divine Lords of Light is frequently slandered by just such accusations and vicious rumors. And all quite as baseless, as unfounded, as unjust as such questions about your own little household.

LET US CONTINUE OUR EXAMINATION OF THIS SECRET GOVERNMENT OF YOUR HOME AND KITCHEN.

Where did you secure your precious mechanical conveniences, without which you often think you could not continue your work as a householder? From the appliance dept. of some highly complex business office, of course. And this carries us into another department of human life (upon which your wonderful kitchen constantly depends.)

There is a workship in which skilled artisans are occupied with the intricate task of assembling the many parts of these machines and putting them into perfect operating order. (Is there anything evil or sinister about these men and women?)

But before these trained workers can assemble the separate parts of the machines, there have been many other departments which have had to join forces, minds, wills and authorities before the completed instrument was achieved. There must be the draftsmen who patiently work out the highly precise measurements of each part. There must be the skilled foundry workers who refine crude materials and transform them into the moulded pieces necessary for your refrigerator, toaster, percolater.

And can you consider any of these many departments as agents of a secret power-which is preparing to enslave the world? When they GIVE you all of these miracle-working appliances which save you much time and precious energy?

Finally, before any of these thousands of workers, these many departments and laboratories can get busy and produce your electrical servants, before a single step is taken, there must be one who THINKS, who DREAMS and CREATES the machine in his mind.

Without this THINKER there can be no created instrument, no kitchen luxury.

IS THIS ORIGINAL THINKER AN EVIL. VICIOUS GENIUS BENT UPON YOUR TOTAL DESTRUCTION???

The INVISIBLE GOVERNMENT OF HUMANITY, and all its activities, exists in exactly the same way as the invisible government of your home and family-life exists.

This Invisible Government of Mankind exists for the SAME REASONS that YOU exist as the invisible government and benevolent protector of your home and hearth.

This Invisible Government is made up of a magnificent Company of skilled Artisans, Scientists, Technicians and Laborers. It contains also a glorious Assembly of THINKERS. And, finally, over all these many and complex Departments, there is to be found a Supreme Council of Authorities—Who have come up from the Ranks below.

From the Highest to the Lowest of this Magnificent Family of Divine Minds and Wills there is but one purpose guiding and inspiring and concerning Them.

That Purpose is YOUR Health and Happiness, YOUR Harmony and Perfection. YOUR own Protection and Preservation. For to These Great Beings, These Cosmic Benefactors, you are as beloved children, helpless infants, bewildered adolescents. This Divine (and not always invisible) Government of Humanity seeks to guide and guard and to GIVE you everything you long to share with your children and beloved ones.

IN THESE DAYS ESPECIALLY IT IS VERY NECESSARY TO FIND SOME METHOD OF PRESENTING THE GREAT WHITE BROTHERHOOD OF THE CHRIST (which IS the Invisible Government of Humanity) presenting this Ancient Fraternity of Christed Minds and Hearts in a way which will make it possible for Them to be regarded in no light save that of the Supreme Spirit of Truth and Benevolence which They so constantly manifest.

All too often in the public mind the existence of The Great White Lodge has been connected with dark and mysterious doings, tainted with witchcraft and black magic. Again and again Its public efforts have been thwarted by the vicious practices of political and religious racketeers who have sought to use this Ancient and most Honorable Society of Light as a cloak to hide their own evil purposes and plans.

It is hoped that in the two Lessons which will be devoted to an exposition of the reason and purpose of The Great White Lodge, we will succeed in properly explaining this Noble Family of Illumined Hearts and Minds Who, to us are truly as Gods.

* * * * * *

To continue the analogy between the artisans of the kitchen-appliances and Those Great Minds Who serve in the Laboratories of the Cosmic Realms: There are Seven Basic Divisions within the Personnel of The Great White Lodge of Cosmic Law:

Probationers, Neophytes and Disciples. Disciples, Adepts and Masters. Mahatmas.

The Mahatmas may be considered as the Thinkers, the Inventors, Who conceive the Original Idea. The Masters may be likened to the draftsmen who must plan out the Idea to its minutest detail. The Adepts can be compared to the workers in the foundry and shop who carve and mould the materials into the required shapes and fittings. The Initiates could be represented as the skilled artisans who put all the pieces together and complete the machine as a whole. We may then regard the Disciples as those who sell and distribute the appliances to the householders. At this point there is a new cycle set into action, for the article in use constitutes the lower trinity of the Divine Economy or plan, as it were. The housewife may be termed the Neophyte, as she uses the article in her home. And the children, who may be trusted now and then to operate the precious appliances, are to be considered as the Probationers. (An elementary class, the Pilgrims, can be seen in the friends who do not yet have, but greatly desire, the precious items.)

MAHATMAS - The Thinkers, Original Inventors of the Divine Idea of the Machine.

MASTERS - Draftsmen Who draw up the Plans and complete all Details, on paper.

ADEPTS - The Foundry Workers Who create and fashion the necessary pieces.

DISCIPLES - Those who sell and distribute the Perfected Idea to the Households.

NEOFHYTES - The Householders who will use the completed Idea as a kitchen aid.

PROBATIONERS - Those who must learn to operate the machine as Mother's helpers.

PILGRIMS - The Friends who desire the idea, but have not yet acquired it.

THE DISCERNING STUDENT WILL IMMEDIATELY SEE MANY CORRESPONDENCES RETWEEN THE SEVEN divisions of the Brotherhood Offices and the departments of a great institution. And since the following Lesson will be concerned with a somewhat detailed study of the special duties and opportunities of each of the Seven Steps upon the Way of the Ancient Law, we will not go into them here.

It is, we hope, hardly necessary to point out that the foregoing comparison of the features of the Divine Lodge with that of a busy factory is but an illustration presented in terms which we believed anyone could understand. And while this Majestic Government of Spiritual Guardians is concerned with the activities of a modern factory and its products, it is an indirect concern at best.

Yet there is a mighty "factory "about which The Elder Brothers are concerned. And They are deeply concerned with all its products and parts. That "factory" is our human body, and all its wonderful organs and processes of life.

The creation and development of the human body is the sole reason for which our vast planetary system has been designed and projected by this Government of Superhuman Beings. The true, and generally unknown, reason for every cycle of human activity which our Earth has experienced and survived, is a reason which concerns intimately and completely the development of the human body.

For the development of the human form great wars have been in spired and fought. The single purpose behind every religion has been the salvation of the human form. Lands have risen from the depths of the oceans in order to improve the human body. And lands, and nations, have sunk in terrible helplessness in order that the Divine Idea for the human body may be developed and pushed to a more perfect state.

You, and all Mankind, have lived in human bodies hundreds and hundreds of times. And these bodies will continue to grow old and die, until you begin to perceive the stupendous meaning of your body and something of its colossal possibilities.

The Invisible Government is concerned with the salvation of this only perfect product of Life, your fleshly form, your human body. However, these gloriously wise Brothers of eternal perfection see your body as something vastly more meaningful, more useful, than you can possibly comprehend just now. It is, therefore, no misstatement of fact, nor an exaggeration of Truth, to say that the Cosmic Rulers of our solar system and its twelve planets are concerned ONLY with the development and perfection of your earthly form—and its eternal preservation.

The Invisible Governors of Humanity see every human body as a supremely valuable Temple of the Eternal God of Gods, the Immortal Spirit Who is All Things in All Things. They see you as God. They understand your body as the Temple of God. They labor through the centuries to help you occupy as perfect, as complete human bodies as your Consciousness of Divine Law and Infinite Mind will permit.

Perhaps it is becoming clear why it is no misstatement to say that the single and basic concern of The Great White Brotherhood and Its Lodge of Perfected Beings is the development and perfection and preservation of your human body-temple.

THE HUMAN BODY IS THE MOST GLORIOUS OF ALL GOD'S CREATIONS. IT IS THE ONLY THING THE INVISIBLE GOVERNMENT OF THE PLANETARY SYSTEM IS OCCUPIED WITH. And the wild notion that the Brothers are interested in political goals is unspeakably absurd?

IN THAT COSMIC UNIVERSE YOU CALL YOUR FLESH BODY, THERE ARE SEVEN RADIANT SUNS. There are also Five Secret Stars which makeup the magical planetary system which you actually are. And it is the wellfare, the development and destiny of these Twelve Cosmic Jewels which completely occupies that mysterious Kingdom of Unseen Rulers Who are truly the Lords of the Universe that exists within Mankinds bodies.

The Twelve Mystic Kingdoms within each human body must function in perfect order and harmony if the Universal Kingdom in the body of the Earth-God, the World-Soul, is to also achieve the Harmony and Perfection He requires for Himself.

The Twelve Organs in the human body comprise a kingdom of power and action which is almost totally unknown to Mankind. It is a kingdom of incredible possibilities as yet not even dimly suspected by the Soul occupying the body.

Nothing can exist outside the body, unless it has a counterpart or likeness within the human form. Every principle known to mechanics is to be found in our fleshly forms and their glorious organs. The lungs provide a perfect example of the combustion engine which moves our autos. The blood contains and the qualities of the steam engine. The nerves reveal the presence of an ingenious electrical system which dwarfs anything our great power stations have so far achieved.

For ages a certain class of thinkers and students have known of the apparently magical powers residing within the human body to produce wonders as yet untouched by our modern scientific wizards. Every human body contains within itself that magical force which can lift it high in the sky and carry it over land and seas. The fleshly form of the humblest man in the jungle can be so manipulated that is is able to project a brilliant stream of light from every cell and pore. Our Earthly forms can be caused to generate an electrical current so powerful as to paralyze a regiment of Herculean warriors. We can learn to live, comfortably and safely, by banqueting on nothing more than the chemicals in the air we breathe. There are in existence many indisputable examples of these amazing faculties of our bodies.

Now there are literally dozens more of these fantastic powers, these unbelievable faculties of godlike magic, confined right now within the Twelve Sacred Jewels that make up our Human Anatomy. Does not the alert Student, therefore, begin to see why The Cosmic Masters are concerned with the evolution and perfection of the human body?

Indeed, the Great Truth may now be apparent: The Cosmic Rulers are Themselves Men and Women Who long ago perceived the Divine Magic within Their human forms—and so proceeded to develop and master it. This Mastery has carried Them to the Heights. Carried Them to that state of Conscious—oneness with God which enabled Them to join Him in His Glorious Career of Cosmic Creation. And They, too, now bring forth in the likenesses of Themselves, creatures in Their Own Image and Nature.

BECAUSE WE DWELL SO CASUALLY AND CONSTANTLY WITHIN THESE FIESHLY FORMS (AND THEIR several invisible parts) it is difficult for us to begin to properly comprehend the gigantic significance of our bodies. It could hardly be expected, therefore, that we would realize the supreme importance of the statement that The Cosmic Rulers are concerned only with the development and evolutionary perfection of such bodies.

To come to the gradual realization of the magical nature of our bodies and those fabulous powers which reside within it, we must follow a scientific analysis of the precise principles which have brought forth these bodies. This analysis will be dispersed through the Twelve Lessons and consequently available only as we have completed the Basic Course in Harmonics. But in this second Lesson there is one approach to the Mystery which should prove highly illumining and suggestive:

We must see the human body and its parts as a collection of Principles and Ideas—rather than as so much flesh and blood hanging from a bony skeleton. Whereas we have previously regarded the blood as a somewhat nauseous fluid, especially when we have injured the flesh and allowed the blood-fluid to pour forth in a terrifying stream—we must now endeavor to perceive this scarlet water as a truly magical elixir which contains the very consciousness we call ourselves! The blood is the vehicle of the Self-Conscious Ego, the instrument of Awareness which we call Life.

And the nerves! How many tons of aspirin and sedatives are poured into these so precious nerves to deaden and quiet them, when, if we would but use the magnificent electrical energies they carry to every cell of our bodies, we would never know pain, fatigue, exhaustion and eventually death to the human world of the flesh.

Nerves are the Celestial Channels of Cosmic Forces which hold the very stars in their eternal places. This Nerve-Energy is the same almighty magnetism which is now holding the Earth suspended in its orbit around the Sun. And the development of this Nerve-Light, and its perfect distribution through the bodies of Mankind, is the duty and office of one of the Great Cosmic Rulers of Humanity, and His staff.

Behind every organ in the human body there is a Supreme Intelligence Whose constant purpose is the control and care of that organ. There is a Cosmic Lord of the Heart Who controlls the beating and pumping of every fleshly heart in every human body. The Liver, with its seven lobes, is the province of a majestic Being of Light. This Cosmic Reality, known variously as the Goddess Hepatica in ancient Rome and Greece; known to the Chinese as Kwan-Yin, Goddess of Mercy, is in constant attendance, through a vast Host of assisting Beings, upon the action and purification of the Liver in every human form.

As the ages of evolutionary development have come and gone, so too have many Races and Nations come into great glory and then vanished into nothingness. These have been the divinely appointed Races which were to serve, for a time, as laboratories, testing grounds, for the development of one or more of the Twelve Cosmic Organs enshrined within the human body.

The evolution of the human form may truly seem to be a cold, cruel and heartless system of intellectual experiment—if we see only the outer aspects of the Laws of Life as they have been projected into Humanity and its Races. This can be a fatally erroneous observation unless the Thinker is wise enough to realize that he is witnessing but a minute part of the whole and completed processes of Cosmic Law.

WHEN VIEWED WITH PROPER UNDERSTANDING, OR AT LEAST WITH A BALANCED INTELLECTUAL approach, the Student will be fascinated with the many aspects of romantic joy and beauty which color this Cosmic Evolution of his humble fleshly form.

When it is understood that the ancient Grecian peoples studies the particular qualities of Cosmic Law which required a special development of the Idea of Sex, their culture and career assume a highly noble aspect of Divine Purpose. For it was the Destiny of that ancient family of mystical Beings to develop a particular faculty of Consciousness through the evolution of the Generative Organs of their "human" bodies. To the ancient Grecians, Sexual Consciousness was a realization of Life in a degree and manner completely unknown or desired by modern men and women.

The Philosophy and Practice of Creative-Consciousness (today, we call it Sex!) which the ancient Grecian-Beings achieved is as much a mystery to our modern civilizations as is the principle of personal human affection to our dogs and cats. The animals have a sexual relationship which in some aspects finds its counterpart in our human relations—but it is a dark shadow compared to the blazing joy of a consecrated human affection and personalized devotion. So too is our human affection but a dim reflection of the Divine Law of Generation which was bestowed on the Grecian Nobles by the Lords of Cosmic Love and Immortal Affection.

To continue: The special evolutionary development of the Ancient Egyptians was cont ained in the human organs we call the Intestines, the Bowels. A study of the religion and political history of these mysterious peoples, in the light of this special evolutionary development, will reveal many remarkable correspondences.

The Christian nations of the West are the stronghold of the Cosmic Hierarchy Which rules the Heart-Organ in every human body today.

The nations of the East, especially China and the Mongolian nations, constitute the special province of the Hierarchy Which rules through the Liver-Organ of Mankind.

To understand the hidden, and therefore true, cause of the terrible struggle which is now threatening to destroy both the East and the West, and even the Planet, to discover the basic causes of the War we must discover the mystical meanings of the of the organs in our bodies (which are always the prime targets in any warfare.)

The Chinese peoples, and the Mongolian races in general, are distinctly not Heart-Races. They are quite definitely the product of the Evolutionary Forces of the Cosmic Rulers as directed through the Liver, or Hepatica Center. Even the color of these many Mongolian Races is a "Liver-Yellow." The term "bilious" carries many meanings which aptly describe the Chinese and their "peculiar" temperament.

Now, there MUST be a BALANCE achieved between the East and the West.

There MUST be a RALANCE achieved between the Heart and the Liver--and between each and all of the Twelve Cosmic Organs of Divine Activity in every human's body.

The struggle that is always underway in every human body between these Twelve Cosmic Ideas is a struggle that has been responsible for every great event of our human history. The rise and fall of every nation, of its religion, its science and arts, its kings and queens, is the result of this Eternal Effort to gain Balance, to achieve the Harmonic Oneness of all the Twelve Princiles of Divinity within us.

THIS BALANCE CAN BE ACHIEVED. IT MUST BE ACHIEVED -- FOR IT IS THE VERY REASON for the creation of Humanity in the Beginning. And even though it may mean the distruction of millions of human bodies, and the nations containing them, and all the magnificence of cultured heights, to achieve this BALANCE -- it WILL be done.

The Twelve Cosmic Principles dwelling within the Twelve Sacred Organs of each human body are enshrined within the destinies of the Twelve Immortal Nations.

The Supreme Hierarchy of Cosmic Rulers, moving through the Twelve Zodiacal Signs or Families, must perfect and balance those Twelve Divine Ideas of Which we are each composed. That is the Law. Someday it will be fulfilled in each one of us.

It is our great privilege to WORK WITH the Supreme Rulers of our Divine Careers.

If we will agree to WORK WITH the Cosmic Host we can be spared the bitter pains of personally laboring to learn The Law "by the sweat of our brow," and going down to defeat again and again because of our darkening ignorance and doubts."

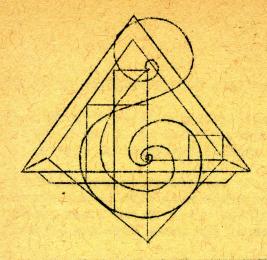

This Wheel of Death and Defeat can be halted at any moment the struggling Soul CHOOSES to look up and take the many Loving Hands waiting to help him up to Them. The Invisible Government of Humanity, thru Its Lodge of the Great White Brotherhood will give instant assistance to every human heart who seeks to know THIER Way. The Elder Brothers have evolved a magnificent Plan and Program for the Instruction and Illumination of each of us, and the nations of which we are all a part.

Each of us can have a glorious part in the perfection of our nation, if we are first willing to bring a greater amount of Balanced Harmonic Action into our own personal lives and affairs. Each of us can have the absolute fulfillment of all those many things we regard as necessary for our personal evolution—IF we will accept the Great Pattern which The Christed Ones have demonstrated for us and wait to share with us, now, without price or profit.

How this Great Pattern of Personal Perfection can be achieved will constitute the next section of our Lesson in Harmonic Law. What we can each do to co-operate with The Invisible Brotherhood will be outlines. And the services expected of us in return will be explained according to the Harmonic Formulary.

But however much may be revealed in future pages will have but little practical value or utility—unless the Student strives sincerely to comprehend how indescribably important is his HUMAN BODY. By acquiring some understanding of the magnificent mission of your flesh form, and its place in Divine Evolution, you will then be in a position to begin to comprehend WHO AND WHAT AND WHY YOU ARE.

It is folly to seek to understand the nature of electricity until we have grasped the nature of the channels, the forms, the substances through which it manifests.

The LODGE OF LIGHT

THE GENERAL CONVICTION IS THAT HUMANITY STANDS NOW AT THE BRINK OF total annihilation through atomic warrare. Because of this thousands of Spiritual-Students are preparing to protect their own personal lives and affairs from the inevitable collapse of modern civilization. If war comes again, such a collapse is inescapable.

Assistance and protection from The Etheric Guardians of our earth is our single hope of surviving this Aquarian catastrophe. The skill and genius of these "Mastersofthe Wisdom" is available to all of us who are realistic enough to read the writing on the walls of our time.

The LODGE OF LIGHT is an assembly of philosophers drawn together by the critical developments in these last days of the Piscean Epoch. Under leadership of GERALD-LIGHT chapters of The Lodge are being founded throughout America. These Centers of Light will provide Occult-Students with a workable knowledge of THE ETHERIANS, or the so-called "Space-Peoples" and Their inter-planetary civilizations.

From these hitherto unknown regions of ETHERIA, surrounding our own earth-plane, help and happiness are being offered to every sincere Student of New Age Principles of Personal Progress and Perfection.

Through the medium of HARMONICS, a series of Occult Instructions received from The Etheric Guardians of earth. The LODGE OF LIGHT offers an immediately useful plan for your progress and protection. These Aquarian Principles of Power are provided in monthly Lessons, Bulletins and Brochures which are available to you upon receipt of written application for membership in Lodge of Light. Admission as a Member of Light is offered without charge or dues or donations. HARMONICS literature is available at one dollar per monthly lesson.

NOTE: The geometrical figure at the top is the Great Seal of the Lodge of Light. This Astral Sigil was first devised in 1256 by Albertus Magnus, the renowned alchemist-philosopher. It is used today by his lineal descendant in The Lodge of Light in America.

HARMONICS

HARMONICS IS THE MODERN APPLICATION OF THE ANCIENT WISDOM RELIGION OF ETHERIA.

The Science of HARMONICS has, as one of its major goals, an attempt to raise the whole of Reality to one Basic Formula. It seeks to include both the human and the Divine Nature within the framework of a unified mathematical system.

A study of this all-inclusive System enables us to understand what "God" is now waiting to do for us, and shows us how toco-operate with Life to achieve the ultimate goal of all human endeavors, that is: the Union of the lower nature with the Higher Self, a literal transmutation of the human into the Divine.

The word HARMONICS will henceforth serve to identify this special and specific movement of The Etheric Brothers as one of Their major channels of Instruction for the remainder of this Century of Uncertainty in our solar system.

The Philosophic System of HARMONICS shows us the proper relation of all the parts to the whole. It pinpoints our place, as future Initiates, in the entire Evolutionary Pattern and Program of the Divine-Mind-Heart-Spirit.

HARMONICS provides us, further, with a Method for Self-development that will surpass our present state of consciousness and limited human activities. At this point the scientific aspect of HARMONICS gives way to the ART of HARMONICS, as we put into practice its formulae; and become individual creators.

If the Harmonic Formula is applied the results are certain to be achieved. The time element will depend upon the intensity of the Desire and the strength of the Personal Will, in each Student of this Modern Science of Balance.

The Science and Art of HARMONICS is two-fold in its action: It seeks first to harmonize the Individuals lower nature with his Higher Self. By so doing it will eventually harmonize the affairs of communities and nations.

FIRST, each of us must harmonize and balance our own personal worlds and lives. Then, and not until then, will world balance and harmony be achieved! Your problems thus become the problems of Humanity. And, more importantly, the trials of Humanity become part of your personal responsibility and concern. HARMONICS is thus the answer to your problems. And HARMONICS is also the solution of the worlds problems—since each of us make up the complete world.

HARMONICS IS THE CHANNEL OF LIGHT FROM THE FLDER BROTHERS OF UPPER-MITERIA (And HARMONICS is the open doorway into your own personal, eternal Freedom.)

The thirty-six Lessons in HARMONICS, together with the Brochures & Bulletins, are sufficient to establish your life and affairs on the changeless foundations of the Harmonic Law of Personal and Individual Balance. And this is Perfection.
